Approach to HSE During Startup – Road Map

QA/QC

Commitment to Quality

Najed Al Ahliya maintains a strong quality management system designed to meet the requirements of international standard ISO 9001:2015 in pursuit of its primary objectives.

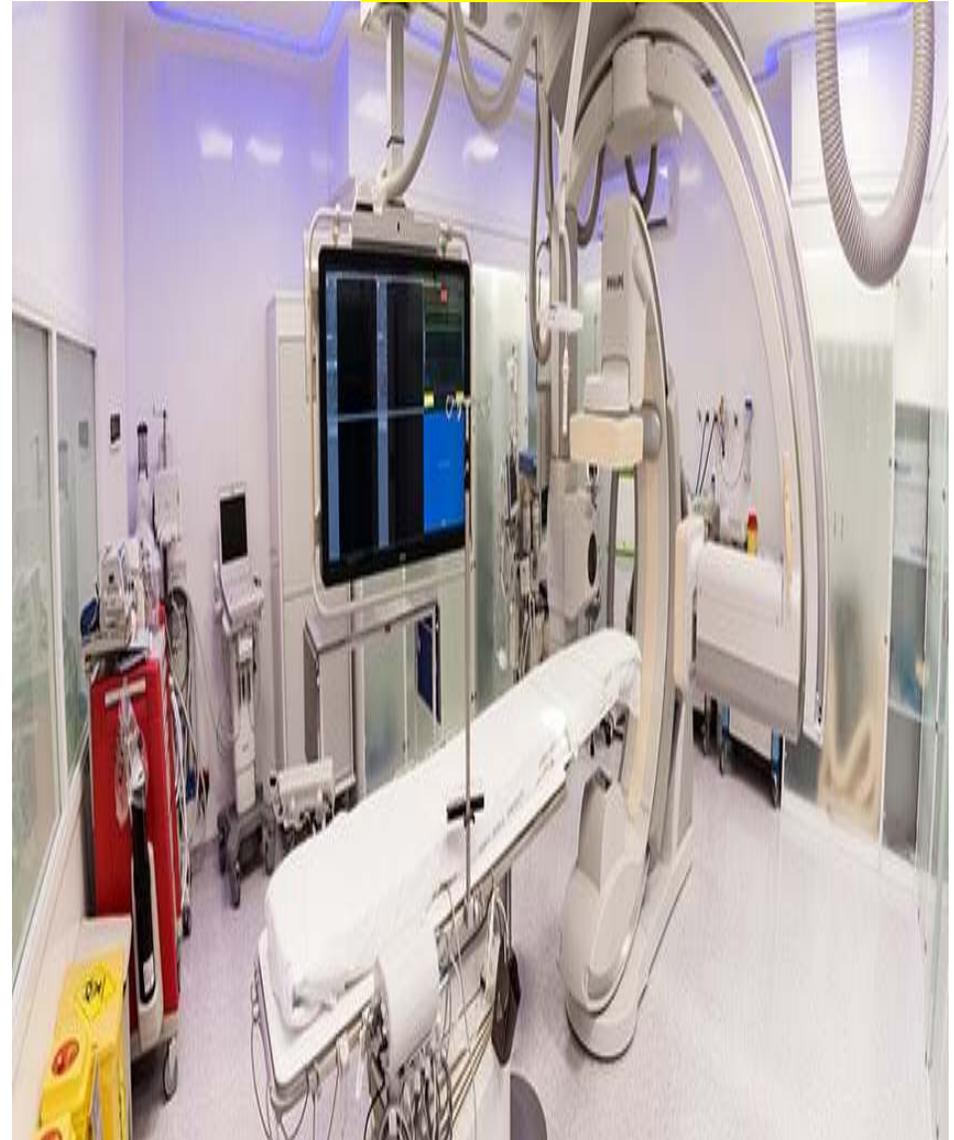

In addition, our quality management system and plans are approved by PDO and are fully implemented in all the operational areas.

In-Country Value (ICV)

- 85 LCCs/SMEs deployed in various activities
- Engaged more than 25 Local suppliers of products
- Current Omanisation: 40%
- Sponsored more than 20 social projects for the community including a project with the Ministry of Health to provide heart catheterization unit for Salalah Hospital with a total value of more than \$500,000.

Sponsored Heart
Catherisation Unit
Salalah Hospital

Job Seekers Training Model

Positions:

QC Engineer/Inspector, Planning Engineer, Construction Engineer, HSE Advisor, Logistics supervisor, Designer/Draught-Person, CSR Officer.

18 Months Classroom & On-the-Job Training

Internal Focus Areas – Themes

Productivity Improvement

- Higher productive hours (better delivery)
- Improve Utilisation of resources
- Cost Saving to Clients

New Technologies

- Invite technologies
- Plan pilots with clients

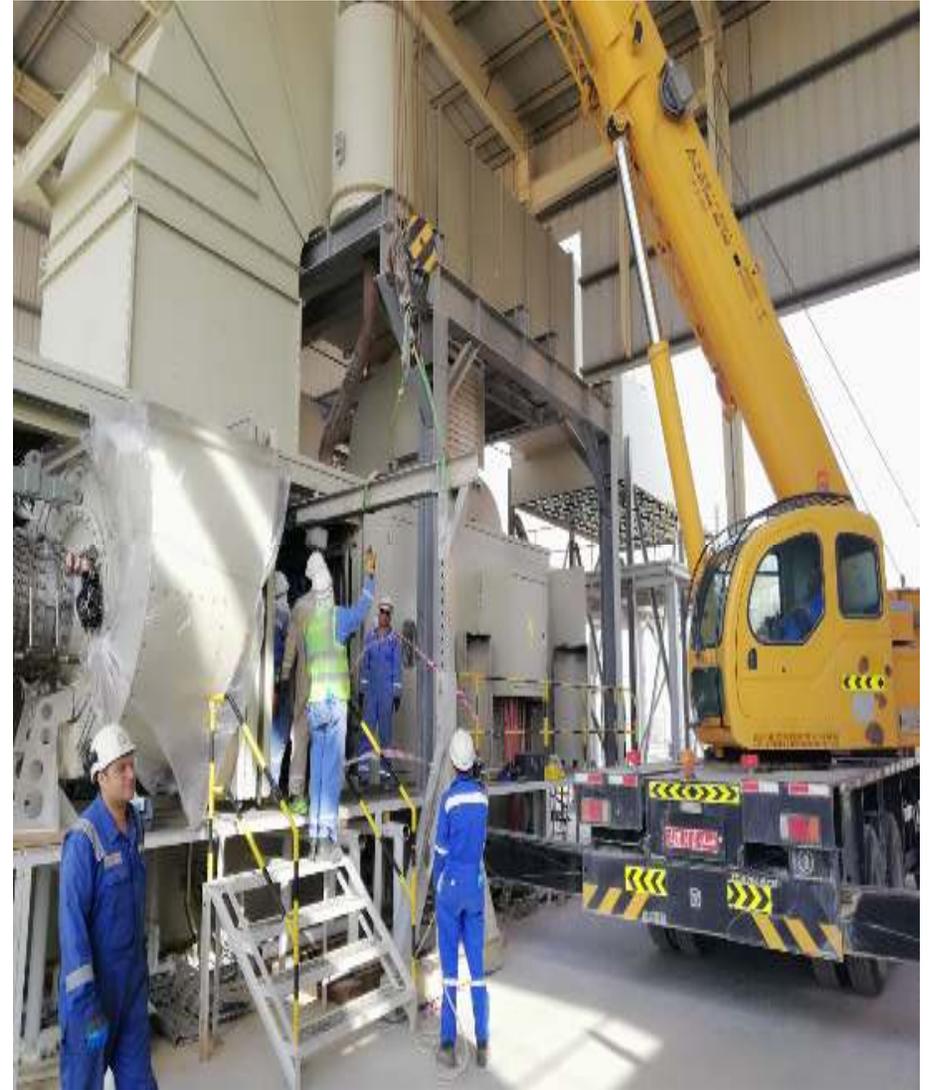

Competence Development

- Conduct assessments
- Identify gaps and development plans
- Continuous review

Available Setup in Oman

- Eight worksite offices and setup across north and south.
- Seven workshops catering for all types of fabrication activities.
- Three existing Ready mix plants in the oil fields areas and two more are spares used for the new contract/projects.
- Six maintenance workshops to cater for all fleet maintenance.
- Two crushers sites to provide raw materials for the projects.
- Large fleet of heavy equipment and light vehicles to support the projects.
- Supply agreements with approved suppliers to provide all the required materials for construction and maintenance.
